

Longer Tyre Life - Optimized Bead Construction

For trucks, All position

GAR827

Highway & Regional

Features & Benefits:

- Tough compound with deeper tread depth - Provides good protection and long mileage in versatile condition - Delivers longer mileage
- Optimized bead structure - High bead durability - Extended tyre life
- FEA bead construction optimization concept for bead construction - Optimizes and uniformly distributes load pressure to the bead, minimizing damage - Extended tyre life
- Rib and block arrangement with solid shoulder - Suitable for various regional and light on/off road conditions - Extended tyre life
- Tyre casing designed for retreadability - Higher retreadable capabilities - Extended tyre life
