

# GITI Xcross HT 71

A next - generation high - mileage tyre specially designed for pick - ups and off - road SUV's.

## FEATURES & BENEFITS

### • High Wear Resistance for Longer Mileage

- Nanoscale - reinforced rubber tread compounds. Enables tight bonding between filling molecules for higher wear resistance
- Dynamic pressure balancing technology. Optimizes tread contour for better performing wear - resistance and tyre contact pressure distribution for minimized irregular wear and extended mileage

### • Lower Noise for Increased Comfort

- Cross - shaped groove design for noise reduction. Cross - shaped groove effectively disperses airflow and reduces vibration, thereby reducing noise
- Innovative tread block noise reduction technology. Reduces impact of tread blocks on the road surface for lower noise and greater comfort

### • Stronger Casing for Higher Loads

- High - strength casing construction. Casing build with next - generation high - strength polyester fibre for 30% higher strength and increased safety
- Crown steel high loadability. Enhanced tread rigidity, puncture resistance and loadability

#### EQUAL FORCE CASING DESIGN

Improves overall handling, lowers irregular wear, and increases tyre life.

Rim size:

17 - 20"

Aspect Ratio:

55 - 70

Max. speed:

190-210 km/h

**advanztech**  
Extra Durable Technology

Combination of tread compound, pattern design, and overall casing structure that significantly improves tyre durability and rigidity.
