

Longer Mileage - High Durability

GAU867^{V1}

Bus & Coach Series

Features & Benefits:

- **DELIVERS LONGER MILEAGE** - Bigger overall dimension and contact ratio design - Delivers larger tread volume and long wear performance
- **Optimized footprint design** to equalize tread pressure distribution - Improves footprint shape, resulting in regular wear and long tyre life
- **Advanced equal force casing technology** - Uniforms force distribution enables optimal tyre footprint thus result in regular tread wear
- **Wear resistant compound** for urban bus/haulage operation, in high frequency of start, stop and turning use - Excellent longer wear performance match to needed operation
- **HIGHER DURABILITY AND SAFETY** - More resilient zig-zag groove design and multiple angle sipes - Provides better traction and grip, and increases tyre damage resistance from road hazards
- **EXTENDED TYRE LIFE** - FEA Optimized casing designed for retreadability - Higher retreadable capabilities
