SAVERO A/T PLUS

All Terrain

Features and Benefits

- Specially designed for on and off road terrains, with aggressive and sporty tread design.
- The newly improved Savero A/T Plus provides good traction, handling, stability and better floating force on mud terrain, ideal for the ultimate 4WD vehicle.
- The zig-zag circumferential grooves and added curves on each block give better grip.
- Large shoulder blocks enhance handling stability and steering response on all terrains.
- Wide lateral grooves remove water and mud effectively.
